

# UCLA ECONOMICS

## UCLA Department of Economics Precollege Summer Institute (July 7—26, 2019)

The UCLA Economics Precollege Summer Institute is a three week-long program designed specifically for grades 9-12.

Students will stay on campus at the beautiful, historic, and safe, University of California Los Angeles.

**Economics 1—Principles of Economics** will introduce students to critical economic topics, including: costs of taxation, international trade, the power of trade, price ceilings/floors, and the pros/cons of rent control.

The Precollege Summer Institute is a wonderful and easy way to earn college credit, experience on-campus living, and discover the power of economics!
