School Accountability Report Card
Reported Using Data from the 2018–19 School Year
California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019—20)

**Mission**
The Los Angeles Leadership Primary Academy prepares urban students to succeed in college or on chosen career paths, to live fulfilling, self-directed lives, and to be effective leaders in creating a just, democratic, and humane world. An integrated curriculum challenges students to think critically and creatively. Supportive relationships among students, staff and families promote a community of well-rounded learners through attention to students' individual needs and interests. Students develop leadership skills by taking action on important social issues in a process of reflection, research, skill development, and community partnership.

**Vision Statement**
Our vision is to create a seamless educational transition for students K-12 in a school system that is focused on a rigorous, academic and social justice embedded curriculum. Students who come to LALPA after kindergarten will be supported through tiered intervention or accommodations in the classroom, and through RTI pullout. New students joining LALPA’s dual language program after 1st grade are assessed at the beginning of the school year by the classroom teacher with diagnostic tests, like Fountas & Pinnel Benchmark Assessment System to assess reading in Spanish and English. Students who need support in Spanish reading are provided with a small group pull-out intervention class on accelerated Spanish reading using Escalera by Estrellita, A Spanish reading program for recent arrivals in 2nd grade and above who cannot read. The program provides an accelerated jumpstart to Spanish reading, reinforcing decoding skills, building fluency and reading comprehension while teaching Spanish vocabulary.

<td>Reading/Language Arts</td>
<td>Los Angeles Leadership Primary Academy engages students in purposeful reading and writing each day by exposing students to reading, writing, and working with words in two languages to become truly biliterate. Los Angeles Leadership Primary fully implements McGraw Hill's Wonders as its state adopted Language Arts program. Wonders is a comprehensive K-5 ELA/ELD program built on the California Common Core Standards. Through its intentional instruction, inspiring content, and purposeful technology, Wonders prepares all students for college and career in the 21st century. The fully connected Wonders programs: Wonders, Wonders for English Learners, and Maravillas all focus on the same Essential Question, vocabulary, skills, and strategies throughout a given week – whether students are in the core ELA classroom, participating in designated English Language Development instruction, or benefiting from intensive intervention support. Wonders connects ELA, integrated ELD, and designated ELD instruction seamlessly. Students move smoothly between ELA and ELD. Teachers also have access to a powerful, customizable lesson planner that combines whole group and small-group instruction, ELA/ELD, designated ELD time, and intervention instruction. Wonders can also be taught in a print, digital, or blended format. All print resources are available on an adaptive and customizable platform. With Maravillas (Spanish Language program), students also receive equitable, parallel dual immersion instruction. Maravillas helps students to become biliterate, bicultural and bilingual. This fully parallel Spanish program gives students access to a world of rich, authentic, Spanish-language literature.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Mathematics</td>
<td>Mathematics instruction at LALPA focuses on activities in which students are concentrated on a practice of thinking of mathematics in critical way and establishing a solid procedural and conceptual understanding. Los Angeles Leadership Academy uses Houghton Mifflin Go Math! California, as the math curriculum. The program incorporates the CCSS Mathematical Practices in every lesson to develop mathematical thinking and features exploration-driven lessons that begin with problem-based situations and build to more abstract problems. Students use a variety of strategies in computation and problem solving and learn to represent their thinking with appropriate models. Go Math! combines 21st-century educational technology with modern content, interactivities, and a variety of instructional videos to engage today’s digital natives. Every student is supported through the universal access features of the program as they learn to think critically and apply their math know ledge. Students use the Online Student Edition or Write-in Student Edition as a resource.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Science</td>
<td>Inspire Science for grades PreK–5 is designed to spark your elementary students' interest and empower them to ask more questions, think more critically, and generate innovative ideas. With the proven 5E instructional framework, Inspire Science provides an in-depth, collaborative, evidence based, and a project-based learning experience to place elementary science students on the path to career and college readiness. Grades K–5 are built on the 5E instructional framework and integrates life, earth, and physical science. The consumable student edition is organized into four units with one to two modules per unit. Modules contain two to four lessons designed to inspire curiosity, investigation, and innovation.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>History-Social Science</td>
<td>In order to develop global citizens and agents of change, it is important for LALPA students to develop a strong sense of the historical, social, economic, and political trends, which have shaped the world. Incorporating reading and writing into history and social science, teachers share stories, fairy tales, folk tales, historical fiction, and nonfiction materials directly related to the concepts being taught. By listening to, reading, and discussing literary works, students deepen their historical knowledge and develop a sense of ethical literacy. In addition, students experience multiple perspectives on a topic through careful selection of literature and nonfiction materials. This integrated approach to history-social science is used as a way to bring the content to life; deepening students’ understanding of the content and helping them connect learning across content areas. Further, the integrated approach creates authentic opportunities to think critically, hear differing view s, develop informed opinions, and research topics to express ideas in both oral and written forms. The history-social science curriculum is developed with the aim of mastering the History-Social Science Content Standards for California Public Schools. Teachers in the upper elementary grades use the Houghton Mifflin California Social Studies textbook as a resource, along with other reference materials as previously described, to access the know ledge and skills needed for the various units of study. Primary grades do not utilize textbooks for social studies; teachers develop their own standards-based lesson plans.</td>

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

School Site Mission
Our Mission
The Los Angeles Leadership Academy prepares urban secondary students to succeed in college or on chosen career paths, to live fulfilling, self-directed lives, and to be effective in creating a just and humane world.

High-powered, performance-based assessment, and an integrated curriculum promote critical thinking and intellectual depth, breadth, and agility. Close relationships between students and staff and attention to students' individual needs and interests promote a community of well-rounded learners. Students have opportunities to take action on important social issues, to work alongside community mentors, and to enhance the learning power of these experiences through reflection and skill development in the classroom.

3 Assessment of the Current Status of School Crime
There is a tradition of school pride and care at Los Angeles Leadership Academy (LALA). The facilities and grounds are well maintained and cared for. The expectation is that each adult and student will do their part to help maintain the school in its exceptional condition.

LALA has a very low incidence of school crime. There have been occasional cases of graffiti on bathroom walls through the years, but this does not occur on a regular basis. Infrequent incidences of the marking of desks and chairs have also been detected.

Students are held accountable for such actions. When a student is discovered to have been involved in graffiti or damage to school property, natural consequences are applied. The student is required to return the item to an acceptable condition, which may involve scrubbing walls or furniture.

Los Angeles Leadership Academy also prides itself in using alternatives to suspension in helping rehabilitate students back into the community. We have peer mediation, reflection sheets, counseling, PBIS committee, and a ripple effect program.

Evacuation Procedures

When outdoors:
- Stay outside.
- Do not run inside.
- Move away from buildings and overhead structures.
- Drop to the ground and cover your head and neck.
- Rest your head on one arm and place your other arm over the base of your head and neck to protect you from flying debris.

When inside a building:
- Stay inside.
- Do not run outside.
- Move away from windows, doors, glass, skylights, brick or rock faced walls, large moveable objects, such as bookcases, or outside doors and walls.
- With one arm, hold on to a desk leg so that it will protect your head and neck and so that it will not move away from covering you.

Earthquake Procedures

Tremors and shaking of the earth are the signals of an earthquake. The initial shock is likely to be not more than ninety seconds duration. Emergency action to be taken when children are inside the building is:

When inside a building, stay inside:
- Do not run outside because you may be hit by falling debris.
- Drop to the floor on your knees and make the body as small as possible. Cover yourself under a desk, table, or bench, in a hall, or stand against an inside wall. You should be facing away from: windows; doors; glass; skylights; brick or rock faced walls; large moveable objects, such as bookcases; or outside doors and walls. With one arm, hold on to a desk leg so that it will protect your head and neck and so that it will not move away from covering you. Rest your head on one arm and place your other arm over the base of the head and neck.

When it is safe, proceed to the assembly areas in the same manner as for Evacuation Procedures.

When outdoors, stay outside:
- Do not run inside because you may be hit by falling debris.
- Move away from buildings and overhead structures.
- Drop to the ground on your knees and make the body as small as possible. Face position away from: buildings, power poles and lines, trees or other overhead hazards, roads and streets, as cars may go out of control. Cover as much skin surface as possible, close your eyes, and cover your ears. If you have a book or other similar object, place it over the base of your head and neck to protect you from flying debris.

When it is safe, proceed to the assembly areas in the same manner as for Evacuation Procedures.
Walking to our from school facilities: If students are walking to or from school when an earthquake occurs, they should stay away from all buildings, trees, exposed wires, or other hazards that may fall.

The safest place is in the open. Students should assume “drop, cover, and hold” position until the quake is over. After the earthquake, if on the way home, continue home or return to school.

Environmental Hazards

Biochemical or Chemical Release

A biological or chemical release is an incident involving the discharge of a biological or chemical substance in a solid, liquid or gaseous state. Such incidents may also include the release of radioactive materials. Common chemical threats within or adjacent to schools include the discharge of acid in a school laboratory, and overturned truck of hazardous materials in proximity of the school, or an explosion at a nearby refinery or another chemical plant.

The following indicators may suggest the release of a biological or chemical substance:

Multiple victims suffering from:
      ? Watery eyes
      ? Twitching
      ? Choking or loss of coordination
      ? Trouble breathing

Other indicators may include the presence of distressed animals or dead birds.

This procedure deals with three possible scenarios involving the release of biochemical substances:

Scenario 1: Substance released inside a room or a building

Scenario 2: Substance released outdoors and localized

Scenario 3: Substance released in the surrounding community

It is necessary to first determine which scenario applies and then implement the appropriate response procedures listed below:

Scenario 1: Substance Released Inside a Room or Building

General Procedures

1. Evacuate the building
2. Notify Main Office/Administration
3. Turn off all fans in the area of the release; close the windows and doors, shut down the building’s air handling system

IC Responsibilities

1. Signal for the building to be evacuated
2. Call 911
3. Contact the Charter Board
4. Direct School emergency Response Team members (search and rescue team) to isolate and restrict access to potentially contaminated areas
5. Direct school Emergency Response Team members (search and rescue team) to turn off local fans in the area of the release, close the windows and doors and shut down the building’s air handling system
6. Ensure person’s who have come in direct contact with the hazardous substances are washed and cleaned. See First Aid Team responsibilities

2. At the evacuation site, prepare a list of all individuals in the affected room or contaminated area; specify those who may have had actual contract with the substance. Provide this information to the IC

First Aid Team

1. Direct or assist individuals who have come into direct contact with hazardous substances, to wash with soap and water. Do not use bleach or other disinfectants on potentially exposed skin
2. Remove and contain all contaminated clothes
3. Segregate individuals that have been contaminated “topically” by a liquid from unaffected individuals (isolation does not apply to widespread airborne releases)
4. Provide additional medical attention as needed

Threats or Disturbances

Animal disturbance

This procedure should be implemented when the presence of a dog, coyote, mountain lion or any other wild animal threatens the safety of students and staff.

General Procedures

1. Notify office and administration
2. Keep students away from the animal (return to classroom, secure all entrances to classroom, etc.)

IC Responsibilities

1. Call 911 and/or Animal Control
2. Attempt to isolate the animal from students, If it is safe to do so. If the animal is outside, students will be kept inside. If the animal is inside, students will remain outside in an area away from the animal

STUDENTS WITH DISABILITIES
Charter School shall establish and implement policies and procedures to ensure full compliance with federal state and local laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, Charter School shall identify and provide special education programs and services in an appropriate interim educational placement, pending the completion of the expulsion process, to be coordinated with the LAUSD Special Education Service Center.
In the case of a student who has an Individualized Education Program ("IEP"), or a student who has a 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:
A. Was the misconduct caused by, or directly and substantially related to the student's disability?
B. Was the misconduct a direct result of the Charter School's failure to implement 504?

NOTIFICATION OF THE DISTRICT
Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:
Completed "Notification of Charter School Expulsion" (form available from the CSD website or office), including attachments as required on the form.

B. Was the misconduct a direct result of the Charter School's failure to implement 504 Plan? Notwithstanding the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless the Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the process shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

GUN-FREE SCHOOLS ACT
Charter School shall comply with the federal Gun-Free Schools Act.
This Pupil Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well being of all students at the Charter School. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq., which describes the non-charter schools list of offenses and procedures, to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The
Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion. When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as the Charter School’s policy and procedures for student suspension and expulsion and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed as part of the Student Handbook and will clearly describe discipline expectations. Corporal punishment shall not be used as a disciplinary measure against any student. The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures. The notice shall state that this Policy and Procedures are available upon request at the Executive Director’s office. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

- x) Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the pupil:

a) Possessed, sold, or otherwise furnished any firearms, explosive, or other dangerous object unless, in the case of possession of any object of this type, the students had obtained written permission to possess the item from a certificated school employee, with the CEO or designee's concurrence. If it is determined by the Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the CEO or the Executive Director's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the CEO or designee. The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference. At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two school days of when the student was suspended, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Executive Director or Executive Director's designee, the pupil and the pupil's guardian or representative will be invited to a conference to...
F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of the hearing, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the Administrative Panel, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The Administrative Panel may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The Administrative Panel may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The Administrative Panel may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence
While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. If, due to a witness's request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact. If the Administrative Panel decides not to recommend expulsion, the pupil shall immediately be returned to his/her educational program.

I. Written Notice to Expel
The Executive Director or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: (a) Notice of the specific offense committed by the student; and (b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School. The CEO or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

J. Disciplinary Records
The Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the authorizer upon request.

K. Right to Appeal
The pupil shall have the right to appeal an expulsion decision from the Administrative Panel to the Charter School Board. The Charter School Board's decision to expel shall be final.

L. Expelled Pupils/Alternative Education
Pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

M. Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities
1. Notification of SELPA
The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension
Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination
Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student’s file, including the child’s IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

   a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child’s disability; or
   b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child’s disability. If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child’s disability, the IEP/504 Team shall:

   a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
   b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student’s disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals
The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

5. Special Circumstances
Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct. The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is
determined to be a manifestation of the student’s disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student’s interim alternative educational setting shall be determined by the student’s IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School’s disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred. The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child’s teachers, that the student is in need of special education or related services.

b. The parent has requested an evaluation of the child.

c. The child’s teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel. If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student’s disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Procedures for Notifying Teachers about Dangerous Pupils

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. The Los Angeles Leadership Academy School District has incorporated this notification into the existing Attendance Reporting screen. On the daily attendance report, when a student is suspended, will show an “S” next to the students name. The teacher can access the suspension by looking at the student’s discipline screen. The information provided is for the student’s current teachers only. All information regarding suspension and expulsion is CONFIDENTIAL, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it. Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the Superintendent of the Los Angeles Leadership Academy School District regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student’s teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators and the student’s counselor.

Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. The Los Angeles Leadership Academy School District has incorporated this notification into the existing Attendance Reporting screen. On the daily attendance report, when a student is suspended, will show an “S” next to the students name. The teacher can access the suspension by looking at the student’s discipline screen. The information provided is for the student’s current teachers only. All information regarding suspension and expulsion is CONFIDENTIAL, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it. Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the Superintendent of the Los Angeles Leadership Academy School District regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student’s teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators and the student’s counselor.

Sexual Harassment Policy

Employee Prohibited Unlawful Sexual Harassment

LA Leadership is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. Such training will include information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with the reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment.

Other staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Executive Director. See Appendix A for the "Harassment Complaint Form." See Appendix B for the general "Complaint Form."

Sexual harassment may include, but is not limited to: ? Physical assaults of a sexual nature, such as: ? Rape, sexual battery, molestation or attempts to commit these assaults and ? Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body. ? Unwanted sexual advances, propositions or sexual comments, such as: ? Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience. Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct. ? Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex. ? Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as: ? Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic, bringing to work or possessing any such material to read, display or view at work. ? Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and ? Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate LA Leadership policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint, or reporting harassment.

LA Leadership will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in a confidential manner as possible consistent with a full, fair, and proper investigation. LA Leadership is committed to remediating any instances where investigation findings demonstrate unlawful harassment has occurred.

Following exhaustion of the LA Leadership complaint procedures outlined herein, employees who believe they have been harassed or discriminated against may contact state or federal agencies to file a complaint. Employees who wish to contact the California Department of Fair Employment and Housing ("DFEH") may do so by calling (800) 884-1684 (or, TTY, (800) 700-2320). For more information about or from the DFEH, visit www.dfeh.ca.gov or you can contact the Fair Employment Housing Commission at www.fehc.ca.gov. Employees who wish to contact the U.S. Equal Opportunity Commission ("EEOC") may do so by calling (800) 669-4000 (or, TTY, (800) 669-6820). For more information about or from the EEOC, visit www.eeoc.gov. Both the DFEH and EEOC will investigate complaints of discrimination or harassment, and may attempt to resolve such complaints either by prosecuting, conciliating or settling the matter on the employee's behalf. LA Leadership will not retaliate against any employee who files a complaint with, or otherwise participates in an investigation, proceeding or hearing conducted by, the DFEH or EEOC.

Student Unwanted Sexual Harassment

Includes unwelcome sexual advances and other verbal or physical conduct of a sexual nature when any or all of the following occurs: 1. Submission to such conduct is made either explicitly or implicitly a term or condition of a student's academic status or progress. 2. Submission to or rejection of such conduct by a student is used as the basis of academic decisions affecting the individual. 3. Such conduct has the purpose or effect of unreasonably interfering with the individual's academic performance or creating an intimidating, hostile or offensive educational environment.

It is the responsibility of Los Angeles Leadership Academy to: 1. Implement this policy through regular meetings with all administrators, ensuring that they understand the policy and its importance; 2. Make all faculty, staff, students, and parents aware of this policy and the commitment of the school toward its strict enforcement;
3. Remain watchful for conditions that create or may lead to a hostile or offensive school environment;
4. Establish practices designed to create a school environment free from discrimination, intimidation, or harassment.

It is the responsibility of the student to:
1. Conduct herself/himself in a manner, which contributes to a positive school environment;
2. Avoid any activity that may be considered discriminatory, intimidating, or harassing;
3. Consider immediately informing anyone harassing him/her that the behavior is offensive and unwelcome.
4. Report all incidents of discrimination or harassment to the Principal;
5. If informed he/she is perceived as engaging in discriminatory, intimidating, harassing or unwelcome conduct, to discontinue that conduct immediately.

Complaint filing and investigation procedures

The following procedures must be followed for filing and investigating a harassment claim:
1. The student may first choose to tell the individual causing the harassment that his/her conduct is offensive and must stop. If the objectionable behavior does not cease immediately, the student must report the harassment to the Principal.
2. The student alleging harassment will be asked to complete a formal, written complaint. The claim will be investigated thoroughly, involving only the necessary parties. Confidentiality will be maintained as much as possible.
3. The investigation will include a meeting with the person alleged to have harassed, sharing with that person the nature of the allegations as well as the name of the person bringing the allegations. If appropriate, the alleged harasser will be placed on administrative leave during the course of the investigation.
4. Once the facts of the case have been gathered, the Principal, in consultation with the Superintendent, will decide what, if any, disciplinary action is warranted. The disciplinary action will relate to the nature, context, and seriousness of the harassment and can include all disciplinary actions up to and including immediate expulsion or termination.
5. If the complaint is against a non-employee or non-student, such as a parent, volunteer, or vendor, the school will take steps, within its power, to investigate and eliminate the problem.

Employee Conduct and Attire
At LA Leadership, employees come into frequent contact with the public. Courtesy, tact, and helpfulness are expected in order to reinforce the positive reputation LA Leadership employees have worked hard to establish. Furthermore, in interactions with or in the presence of students, employees are required to speak and interact appropriately. You must refrain from using cell phones in classrooms or in plain view unless during an approved break or conference period and you should not conduct personal business during the school day.
As students are asked to wear a uniform to communicate their academic seriousness, employees are likewise expected to dress in an appropriate manner that is suitable for their working conditions.
Appearance must project a professional appearance that sets a tone for an environment in which learning is expected to take place and in which the public is welcomed. You are expected to use good taste and maintain good personal hygiene. Determination of appropriateness of attire will be made by the school Principal.

ALTERNATIVES TO SUSPENSION

Coordinated Behavior Plan for Any Student Whose Behavior has Impeded Learning

Training will be available to assist appropriate staff in the creation of a structured, coordinated behavior plan specific to the student, and based on the analysis of data and the assessment of the purpose of the target behavior to be reduced. This must focus on increasing desirable behavior and replacing inappropriate behavior.

Alternative Programming Changes in the student's schedule, classes or course content;

assignment to an alternative school or program; independent study or work experience program should be tailored to the student's needs.

Behavior Monitoring Strategies to monitor behavior and academic progress might include progress report cards checked after each class regarding behavior, self-charting of behaviors, strategies to provide feedback to the student, etc.

Appropriate In-School Alternatives

In-school alternatives in which academic tutoring and instruction related to the student's behavior, such as work in social-emotional skills, and a clearly defined procedure to return to class as soon as the student is ready is provided.

Community Service Required amount of time in community service in school system or in the community.

Counseling Students are referred for participation in group or individual counseling.

Parent Supervision in School Following existing school-site visitation policy parent comes to school and provides additional support and supervision for a period or throughout the day.

Mini-Courses Short courses or modules on topics related to social-emotional behavior, used as a disciplinary consequence, after-school or Saturday.

Restitution Financial or "in kind." Permits the student to restore or improve the school environment.

Cell Phones and Personal Electronics Policy
California State law permits students to have cell phones in their possession while on school campus; however, this law also gives school districts and school sites the flexibility to determine their school's usage policy. The policy below clarifies LALA's cell phone and personal electronics (iPods, CD players, MP3 players, etc.) usage policy and consequences.
We are not responsible for lost or stolen items.
Electronic devices should be turned off during the school day. With teacher permission and supervision, students may use devices in the classroom as part of the learning experience. Students must wait for teacher instruction to turn on and use any device.
Students may NOT call on their personal phones for a parent/guardian pick-up during the instructional day for any reason other than a school emergency as determined by administration. Students who do not follow this rule will have their phones confiscated. Parents who need to contact their child during the day must call the main office. Students cannot use cell phones or personal electronics on campus between 8:00 AM and 3:30 PM. This includes not using cell phones or personal electronics during passing periods and during lunch.
Consequences for Inappropriate Cell Phone or Personal Electronics Use
If a student is using an electronic device without permission or inappropriately, the following discipline will be implemented:
1st Offense: Confiscation of device by staff member. Device is given to administration. Incident logged in powerschool by administration. Device returned to the student at the end of day.
2nd Offense: Confiscation of device by staff member. Device is given to administration. Incident logged in powerschool by administration. Device returned to the parent. Parent and administration create an agreement for consequence if third offense were to occur.
3rd Offense: Confiscation of device. Device is given to administration. Incident logged in powerschool by administration. Administration contacts parent and review agreement Hate Crime Policies and Procedures

The County Board recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm.

The Executive Director and Los Angeles Leadership Academy Administration will establish student safety as a high priority and will not tolerate bullying of any student.

No student or group of students shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, cyberbully, cause bodily injury to, or commit hate violence against any other student or school personnel.

School staff will receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective prevention and intervention strategies.

Based on an assessment of bullying incidents at school, the executive director or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, cafeterias.

Intervention Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Executive Director or designee will develop means for students to report threats or incidents confidentially and anonymously.

As appropriate, the Executive Director or designee will notify the parents/guardians of victims and perpetrators. The Executive Director or designee also may involve school counselors, mental health counselors, and/or law enforcement.

Complaints and Investigation

When a student is reported to be engaging in bullying off campus, the Executive Director or designee will investigate and document the activity and will identify specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance. When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated.

If the student is using a social networking site or service that has terms of use that prohibit posting of harmful material, the Executive Director or designee may file a complaint with the Internet site or service to have the material removed.

Any student who engages in bullying on school premises, or off campus in a manner that causes or is likely to cause a substantial disruption of a school activity or school attendance, shall be subject to discipline, which may include suspension or involuntary transfer back to the district of residence, in accordance with Los Angeles Leadership Academy policies and regulations.

When a student is suspected of or reported to be using electronic or digital communications to engage in cyberbullying against other students or staff, or to threaten Los Angeles Leadership Academy property, the investigation shall include documentation of the activity, identification of the source, and specific facts or circumstances that explain the impact or potential impact on school activity, school attendance, or the targeted student's educational performance.

Students shall be encouraged to save and print any messages sent to them that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. ### Types of Services Funded (Fiscal Year 2018—19)

- Intervention program for the students;
- Before and after school Tutoring Program;
- Professional Development for the teachers:
- The methods by which professional development is delivered are: after school weekly workshops, conference attendance, on-site, consultants, classroom and school visits and peer observations and feedback.

Teachers are supported during implementation through: on-site coaching, Teacher-Principal meetings, informal observations and feedback, student performance data reporting and peer observation and feedback.

LALPA’s teachers are credentialed, bilingual and biliterate. LALPA recruits qualified teachers. Wednesdays are early release professional development days. The time is used for staff meetings, grade level collaboration/planning, and data analysis. Every grade level team participate in ongoing process of ascertaining the current level of student achievement, establishing a goal to improve the current level, identifying means to achieve that goal, and providing periodic evidence of progress. This collaborative time helps teacher efficiently couple data with student knowledge to plan effective instruction and improve student outcomes.

Ongoing professional development is managed through the creation of the annual Professional Development Calendar. The faculty and staff are offered a range of professional development opportunities on an ongoing basis. Some examples include:

- Conference attendance and training opportunities with the California Association for Bilingual Education and Association of Two-Way Dual Language Education, two organizations dedicated to the achievement of English learners and language learners in dual language settings.
- A variety of topics offer participants experiences with technology, standards-based instruction, program development, and interventions.
- Teachers are involved in Professional Learning Communities. The PLC PD cycles are focused on online modules from Stanford. The modules explore the new research ideas on mathematics learning and student mindsets that can transform students' experiences with math.
- The sessions are all interactive and include various thinking tasks to promote active engagement - such as reflecting on videos, designing lessons, and discussing ideas with peers. Teachers will learn:
  - New pedagogical strategies
  - An understanding of high quality math tasks
  - Questions to promote understanding
  - Messages to give students
- Kagan Inc. Strategies: Kagan focuses on strategies for student engagement, participation, and cooperation. Teachers learn to use Kagan structures to increase academic achievement, improve student relations, enhance self-esteem, create a more productive classroom environment, reduce discipline problems and help students develop appropriate communication skills.
- Depth and Complexity Icons: Teachers use Depth and Complexity Icons to provide differentiation and rigor to assignments.
- Grow the Mindset: Teachers promoting this mindset is significant when serving students from low socioeconomic backgrounds because it teaches that individuals have the power to develop their abilities, rise to challenges, persist after failure or disappointment, and seek mastery through effort in spite of their economic circumstances. This essential understanding drives motivation and fuels learning.
- Professional learning around the anchor standards, instructional shifts, and learning progressions in the common Core ELA standards K-12.
- Identification of areas of strength and areas to supplement within the Charter school's purchased ELA and math curricula based upon data generated.
- Internal Benchmark Assessment Analysis
- Summative Assessment analysis and preparation (CAASPP)
