

## **Students in Other Subgroups**

The Charter School shall adhere to the provisions of the McKinney-Vento Homeless Assistance Act and ensure that each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths. The Charter School shall provide specific information, in its outreach materials, websites, at community meetings, open forums, and regional center meetings, that notifies parents that the Charter School is open to enroll and provide services for all students, and provides a standard District contact number for access to additional information regarding enrollment. The Charter School shall comply with all applicable provisions of Education Code sections 48850 – 48859.

Foster youth, and related subgroups such as homeless students, are identified by Charter School personnel through the registration and enrollment process, and supported through coordinated activities with other entities/agencies. Their identification of this subgroup has no bearing on their enrollment status. Once students have been identified, the Charter School will work to locate additional support services on a case by case basis. Students are assisted by office staff, the school counselor, and school administrators. The Charter School's assistant principal will be the Foster Youth designee. A periodic evaluation of academic performance for all students in this subgroup will be implemented by the administration and counselor to assess the level of response to services, and adjustments to curriculum will be made as necessary to nurture a positive environment.
